The following action is supplemental to the Office Action mailed January 24, 2006.

1. Applicant's arguments filed January 17, 2006 and the accompanying photographic evidence have been fully considered but they are not persuasive. Although the photographic evidence does provide factual support for the statements made in the 132 declaration, this evidence and said declaration are insufficient to obviate either 35 USC 103(a) rejection in the January 24, 2006 Office Action since applicant has failed to provide a comparison, via photographic evidence, between the claimed invention and the evidence submitted on January 17, 2006. Does applicant have photographic evidence depicting the results of the claimed process?

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
